As you may or may not be aware, Sweden is not a state in the United States of America. Sweden is a country in northern Europe.

Unless you figured it out by now, US law does not apply here.

For your information, no Swedish law is being violated.

Please be assured that any further contact with us, regardless of medium, will result in

- a) a suit being filed for harassment
- b) a formal complaint lodged with the bar of your legal counsel, for sending frivolous legal threats.

It is the opinion of us and our lawyers that you are ..... morons, and that you should please go sodomize yourself with retractable batons.

Please also note that your e-mail and letter will be published in full on <http://www.thepiratebay.org>.

Go fuck yourself.

Polite as usual,
